

JOHN DEERE TECH

ENHANCED (AGRICULTURE) TECHNICAL SKILLS CERTIFICATE COMPLETION PLAN

PROGRAM INFORMATION: The John Deere TECH program is designed to help prepare students for a career in the field of agriculture mechanization technology. The student will study the theory and practice required for employment with John Deere as agriculture technicians (ag. tech) where they will repair and maintain complex mechanized farm equipment. This is a high-tech program with limited enrollment. Students are asked to make applications to the John Deere TECH Department in early spring. They must have a John Deere sponsor for whom they will work between semesters; and they must take the Texas Success Initiative (TSI) test and Mechanical Reasoning Tests prior to being accepted into the program. Students successfully completing the two-year program will receive an Associate of Applied Science (AAS) Degree in Agriculture Mechanization Technology and Certificates of Completion. For more information, please contact the Navarro College John Deere TECH Department.

Articulated credit may be available for some courses students completed while in high school.
