

INDUSTRIAL TECHNOLOGY

INDUSTRIAL MAINTENANCE TECHNOLOGY DUAL CREDIT CERTIFICATE COMPLETION PLAN

PROGRAM INFORMATION: The curriculum will help prepare students for immediate employment in the field of industrial maintenance. Students will learn to perform the duties of a general maintenance technician and function as a member of a multi-skilled general and shop maintenance team in a wide variety of industrial settings. Graduates will perform routine preventative maintenance, troubleshooting, and repair on equipment and components in an industrial plant environment. Upon successful completion of the program, a Certificate of Completion in industrial equipment maintenance and repair will be awarded the student.

REQUIRED COURSES

COURSE SECTION	COURSE TITLE	CREDIT HOURS
